Struck for the

Quintance

Can you
tell me if this coin has any
value? It was found in the
bottom of an old silver beer
mug. I have made the best
impression I could. The coin looks
worn eaten. The date is clear ¹⁷²³ 1723/~~1731~~,
the figure seems to be sitting and
at one side is a Lamb. I cannot
make out the inscription on the
edge as we do not wish to clean

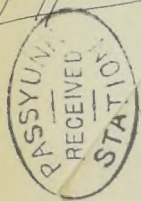

It. If you will kindly answer at once
I shall be greatly obliged as I am
leaving town this week Friday.

Very truly

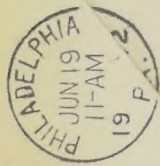

Mrs. Clara L. Harrington
